PROFILE

Hello! My name is Aiur Tushinov, I am a motivated Junior Frontend Developer with a passion for crafting visually appealing and user-friendly web applications. My journey in web development began with a curiosity about how websites are built and a desire to create interactive online experiences.

I have a strong foundation in front-end technologies, including HTML, CSS, and JavaScript, and I am proficient in React.js I also have experience with tools such as Git for version control.

I strive to write clean, understandable and optimal code, follow the principles of programming (DRY, KISS, SOLID, YAGNI).
